

Storage

Storage solutions can often be difficult to find for many of those awkward shaped garden implements, bags of compost, toys, bikes. We have every shape and size to fit the bill. All our timber sheds have a dipped honey-brown finish.

Log Lap 8x6 Shed

Workshops

These robust larger than average multi-functional timber buildings have a lot to offer. From the serious do-it-yourself fanatic to the hobby-craft enthusiast, these buildings offer much appreciated working space with adequate headroom for working at a bench. Alternatively, the larger workshop could be the ideal solution for an outdoor games room!

9x12 Workshop

Metal Buildings

We offer a wide selection of metal sheds as an alternative to timber.

These metal buildings come pre-painted, with lockable* double sliding doors for easy access, and are a low maintenance choice of garden building storage.

Available in six sizes and two roof styles, our metal building range is fireproof, rot and rodent resistant.

* Requires padlock (not supplied).
